## A LETTER FROM THE TREASURER

Dear Friends:

One of the most important matters before the Missouri General Assembly this session will be their consideration of the Governor's budget request for funding of an overseas trade office to represent Missouri in the international market.

This is a concept which I have supported publicly for several years, and this Fall I asked several leaders from the private sector of the Missouri economy to join me in this public support. The result was the formulation of an ad hoc committee which is now actively seeking the bi-partisan support of the legislature for the needed state appropriation.

The ad hoc committee, chaired by C. L. "Clell" Carpenter, Vice President of Missouri Farmers Association, and Ben Parnell, Chairman of the Peoples Bank and Trust of Branson, Missouri, believes, as I do, that such an office would play a significant role in developing all sectors of the state's economy.

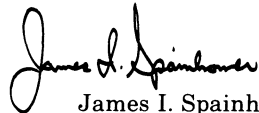

Seventeen states now have foreign offices and have been exceedingly successful in attracting investment by foreign companies and the additional jobs that accompany capital expenditure. It seems to us that the State of Missouri should follow their wise example and do what it can to attract plants and business outlets for overseas firms in Missouri. Such an office would also give a strong boost to the Missouri exporter, particularly strengthening the export of our state's agricultural products.

Missouri offers the same competitive advantages as these states and in many cases offers additional advantages for a foreign company. However, Missouri has no representation abroad to relate these advantages to the decision makers of foreign corporations.

The Missouri Division of Commerce and Industrial Development was empowered by the legislature to establish a foreign office and has requested an appropriation of \$106,000 for fiscal year 1977 to fund this project.

As I pointed out in this space last month, our state government is going through a period financially which requires sound fiscal judgement and constraint. There are not many programs which warrant new expenditures at this point. However, in establishing and maintaining an overseas trade office to represent Missouri in world commerce, the expenditure is justified by the economic return we could expect as a state through such an investment.

Sincerely,

A handwritten signature in dark ink, reading "James I. Spainhower". The signature is fluid and cursive, with the first name "James" and last name "Spainhower" clearly legible.

James I. Spainhower,  
State Treasurer
